Network Communication Bulletin #206

To: All Providers

From: Kristine Brewington, MS, LCMHCS, LCAS, CCS, CCJP
VP of Network Management

Date: January 14, 2022

Subject: New Legislation Waives \$100 Medicaid and NC Health Choice Provider Enrollment Fee, Disaster Planning, Revised Developmental Center Process, 2022 Spring Family Weekends at Victory Junction with Trillium!, DMH/DD/SAS-Community Services and Supports of the North Carolina Department of Health and Human Services Community Inclusion Thursdays – A series of presentations on topics related to community inclusion, Request for Information Opportunities, FREE Training for Direct Support Professionals!, DHB & DMH Mental Health and Substance Use 1-7 Day Follow Up Super Measure, Single Sign On: SOC2 for TBS Platform Relaunch UPDATE, NC TOPPS Information Regarding Members Transitioned to Standard Plans, Valued Providers Seal Program, Need to Report Fraud, Waste, and Abuse?

NEW LEGISLATION WAIVES \$100 MEDICAID AND NC HEALTH CHOICE PROVIDER ENROLLMENT FEE

Effective Jan 9, 2022, NCTracks will no longer require Medicaid and NC Health Choice providers to pay the \$100 NC application fee with enrollment and reverification applications. This change is made pursuant to [NC Senate Bill 105 Session Law 2021-180 Section 9D.9\(a\)](#), which waives the fee until June 30, 2023. See Medicaid bulletin below

 [New Legislation Waives \\$100 Medicaid and NC Health Choice Provider Enrollment Fee](#)

Although the NCTracks system change is effective Jan. 9, 2022, the legislation became effective on Nov. 18, 2021. Therefore, NC Medicaid will identify and automatically refund the NC application fee paid by any provider who submitted an enrollment or reverification application on or after Nov. 18, 2021, through the Jan. 9, 2022 system modification.

DISASTER PLANNING

Roadmap2 Ready

We began utilizing the Disaster Plan link last year to keep the process more streamlined. This year, you will again go to a link to share your 2022 Disaster Plan and important contact information. This requested information includes:

- 🌱 Contact information for your designated “Disaster Point of Contact”
- 🌱 Corporate site address and facility phone number
- 🌱 Any residential sites currently in your contract (address, phone numbers)

Please note, you will need to enter each site as a separate submission. Disaster plans must be submitted through the following link: [2022 Disaster Plan Submission](#)

Disaster Plans are due ***no later than May 1, 2022***. If no updates are needed to your 2022 Disaster Plan, you ***MUST*** still resubmit the plan with a new cover page displaying the current year and disaster contact info. Failure to submit your Disaster Plan for 2022 by the deadline (May 1, 2022), may result in an audit and/or plan of correction.

The Federal Center for Medicare and Medicaid Services (CMS) posted guideline requirements for all entities that receive Medicaid funds and this applies to all of our Medicaid providers. For your reference, we have attached the Final Rule that will assist you in locating the requirements to the federal rules that apply to each of your situations.

Our contract with providers requires that you have an adequate disaster planning and training process in place within your organization. While it is our desire that no one has to contend with all that a natural disaster brings, the reality is that eastern North Carolina has dealt with its fair share of these kinds of disasters in the past. Living in this part of North Carolina, we know that the best way to cope when a disaster strikes is preparation. Please connect with your local emergency management services, know your local resources, and stay connected with Trillium in the event of an emergency. In addition, Trillium has a list of disaster preparedness resources listed on the [Community Crisis and Disaster Response webpage](#).

REVISED DEVELOPMENTAL CENTER PROCESS

Effective January 1, 2022, Trillium has updated the process on how referrals are received from requestors that are applying for admission to a Developmental Center. The objective of this new process is to ensure members are connected to the least restrictive services possible so they can live, work and play in their own communities. It is very important to review this information in full:

- 🌱 All applications for access to State Developmental Centers must be processed and approved by Trillium Health Resources, prior to seeking admission.
- 🌱 Requestors, please answer screening questions via this [Smartsheet Developmental Center Screening link](#), prior to application submission. Trillium will review responses and verify that member meets general eligibility criteria.
- 🌱 Once screening responses are reviewed by Trillium, requestor will be notified by email of next steps and if any further info is needed.
- 🌱 Requestor will then begin completion of developmental center application, as applicable, and submit to: Developmentalreferralforms@TrilliumNC.org
- 🌱 Please note: Copies of the State Developmental Center referral forms (SDC referral forms) are posted via Trillium website.
- 🌱 If Technical Assistance is needed, requestors should contact Provider Support Line: 1-855-250-1539.
- 🌱 Requestors of applications should not submit applications directly to the Developmental Centers and if so, they will be returned to the LME/MCO.

FREQUENTLY ASKED QUESTIONS:

1. Where can I find the application on the Trillium website for Caswell, Murdoch, J. Iverson and Track programs?
 - 🌱 [Developmental Centers](#)
2. Who submits completed application to Murdoch?
 - 🌱 CMA, AMH+, Providers and other community stakeholder groups (ie DSS, physician offices)
3. What is the purpose of the letter of endorsement?
 - 🌱 To document support of the admission to a state operated developmental center
4. Who completes the letter of endorsement?
 - 🌱 Trillium Health Resources
5. Who completes Treatment Authorization Request for Caswell/Murdoch General Admissions?
 - 🌱 The provider (state developmental center)

6. Where can I find more information on developmental centers such as Caswell, Murdoch, J. Iverson and Track programs, including eligibility criteria?

This session will provide an overview of the emergence of recovery-oriented concepts and practices in mental health services. The presenter will then discuss the emergence of community inclusion and how it is related to, and extends, the advances made by recovery initiatives.

REQUEST FOR INFORMATION OPPORTUNITIES

TRANSITIONAL LIVING PROGRAM- CHILD, IDD, ADULT BH

Statement of Need

Trillium Health Resources (Trillium) is seeking to identify mission-driven organizations that are interested in the development of Transitional Living Programs for Child, IDD or Adult BH_within Trillium's catchment area.

This Request for Information (RFI) is open to both in-network and out-of-network providers enrolled in NC Tracks who are free of contract sanctions, fraud investigations, and/or current or previous IRS liens. More than one provider may be selected.

This RFI is being used as a means to obtain information about providers that are capable of providing services to Trillium Members who are also involved with the Department of Social Services, Department of Juvenile Justice, or who maybe in transition between living arrangements, or who are stepping down in levels of care but require transitional living arrangements while needed services and supports are put in place. The Transitional Living Program is a temporary living arrangement that is population specific to Child BH, or IDD or Adult BH populations. These arrangements are typically provided in TFC, IAFT or AFL settings however we are also open to other sustainable proposals.

This RFI should not be interpreted as a contract (implicit, explicit, or implied), nor does it imply any form of an agreement to any potential candidate. In addition, no inference should be made that Trillium will purchase and/or implement in the future any of the programs or services proposed by the respondents.

Written letters of interest should include the following details in regards to how the provider plans to establish a Transitional Living Program:

-  Brief Overview of experience in supporting desired population.
-  Proposed city/county location of Transition Living Program site(s).
-  Proposed services that child and/or adolescent Members will receive while staying in the Transitional Living Program
-  Proposed type of facility (i.e. TFC, IAFT, AFL) and experience supporting Members.

🌱 Proposed timeline for establishing the program.

Letters of interest will be received until end of business **February 5, 2022** and should be emailed to: Cindy.Ehlers@TrilliumNC.org.

TRILLIUM DISCOVERY AND ENRICHMENT CENTERS- INCLUSIVE FARMING PROGRAM-REQUEST FOR INTEREST (RFI)

Statement of Need

Trillium would like to offer an exciting new Inclusive Farming Program for our members through our community based Discovery and Enrichment Centers. This program is covered as a part of Trillium's Innovative Development bringing a new level of innovation to members in every community. The focus for Inclusive Farming program is to offer people with Intellectual and/or Developmental Disabilities, Traumatic Brain injury or Autism the opportunity to spend time on local farms, participating in the daily routines of farm life and to create employment opportunities. We hope this experience will also spark micro-enterprise development and self-employment options to create more employment opportunities in our rural areas.

Trillium is currently recruiting providers who will build partnerships with local farmers in our communities to provide these opportunities and experience for Trillium members in all 28 counties. Interested providers should submit a letter of interest to Cindy.Ehlers@TrilliumNC.org by **February 15, 2022**. Please state in your letter which counties you would like to serve and which specific programming you would be interesting in offering.

Farm life is an exciting, busy and a big part of life in eastern North Carolina for so many. There are activities in which people of all abilities can take part. Our providers and all of the farms they partner with in this program will be integrating with real working farms that set aside time each week to work specifically with our participants for these programs. Each day's activities are geared toward the individual participant and include all the different aspects of daily life on a farm throughout the seasons. While highly productive work is not the goal, it can provide the energy and framework for a fun, fulfilling meaningful day.

All of these programs utilize the farm environment to help participants attain goals and meaningful inclusive experiences and in some cases for those interested employment opportunities. For each member, providers can usually find a program or activity that matches the person.

SPECIFIC PROGRAMS TRILLIUM IS INTERESTED IN PROVIDERS DEVELOPING ARE:

🌱 **Inclusive Farm day supports programs:** This inclusive farm program offers participants the opportunity to spend days on the farm to work on their specific life- or work related skills, as well as simply improve their quality of life by interacting with others, learning how to care for farm animals, spending time in the outdoors, staying active and engaging in meaningful activities of farm life.

- 
Inclusive Farm Job Readiness Training and Vocational Rehabilitation activities: This opportunity offers days on the farm that are tailored to build job skills for people who would like to work towards finding community employment in agricultural jobs. This is an opportunity to master skills through non-paid internships. This requires the provider to also have a relationship with Vocational Rehabilitation programs
- 
Easy days Inclusive Farm: This program targets adults over the age of 62 who are ready to retire but want to enjoy fun at the farm days designed for seniors looking for companionship, for respite and a way to stay active after retirement.
- 
Farmers Market Days: This opportunity offers market days that participants can be part of the sales team at the local Farmer's market or roadside stand. This program offers a supported employment opportunity to do retail work experience at the market selling the goods grown on the farm.
- 
Farm to Table Inclusive Farming: Another supported employment program in partnership between providers and farmers that offers individuals real life work opportunities as a grower of fresh produce, herbs or flowers or as a part of the sales team or marketing team to sell produce, herbs or flowers to local vendors.
- 
Fun at the Farm for Children: This regularly scheduled inclusive farm program offers young children 16 and under the opportunity to spend days on the farm to learn about farm life and work on individual skills, as well as simply improve their social skills by interacting with others, caring for farm animals, spending time in the outdoors, staying active and engaging in meaningful activities of farm life that are fun year round.
- 
Farm@Home - Micro-enterprise development: This program uses skills and experiences learned during inclusive farming programs or classes at the local Agriculture office to branch out on your own to start your own farming oriented micro-enterprise. Trillium provides funding for members to support small business opportunities and increase employment options in rural eastern NC.

FREE TRAINING FOR DIRECT SUPPORT PROFESSIONALS!

Trillium is offering FREE training for Direct Support Professionals (DSP), who work directly with Children with Complex Needs who are dually diagnosed and provide services that include; Day Treatment, Intensive In-Home, Therapeutic Foster Care/Intensive Alternative Family Treatment (IAFT), AND Level 3 Residential Treatment. This training will provide participants with the knowledge, skills, and resources needed to provide individuals with IDD and mental health service needs (IDD-MH) positive, person-centered, strengths and wellness-based supports and services. Registration for this training will end on January 19, 2022. DHB & DMH MENTAL HEALTH AND SUBSTANCE USE

1-7 DAY FOLLOW UP SUPER MEASURE

A Super Measure is essentially a way for the state of NC to measure certain areas of performance by Trillium and its providers, and other LME/MCOs across the state.

Specifically, the **MH & SU 1-7 Day Follow Up Super Measure** aims to ensure that those members discharged from a community hospital, state ADATC, detox, facility-based crisis, or state psychiatric hospital attend a follow-up appointment within 1-7 days of their discharge.

NC's goal is to ensure at least 40% of members receive a follow-up appointment within 1-7 days.

Follow-up care is important for numerous reasons. We know that recipients can be vulnerable after discharge and prompt follow-up care by trained professionals is critical for their health and well-being. It ultimately supports reduced readmissions, reduced relapse, and reduced emergency department use.

There are many entities working together to connect members to appropriate and timely follow-up care. If your agency is the *discharging* provider, please click below to view a list of services that count as follow-up.

 [SUD Follow-Up After Discharge Performance Measure](#)

 [MH Follow-Up After Discharge Performance Measure](#)

For assistance locating a follow-up provider, please utilize our [Provider Directory](#) search.

If your agency is the *follow-up* provider, please ensure that open appointments are available within 1-7 days when the discharging provider calls to schedule the appointment.

If you're the member receiving care, please visit Trillium's [My Learning Campus](#) portal. Here, you can access free trainings 24/7 on a variety of health and wellness topics.

Our common goal is to ensure members receive the prompt follow-up care they need to safeguard their health and well-being. We extend our gratitude for your support as we work towards achieving this goal, as we know success can only be achieved through a combined effort between Trillium and providers.

Please reach out to perfmeasures@TrilliumNC.org for any questions related to this Super Measure.

SINGLE SIGN ON: SOC2 FOR TBS PLATFORM RELAUNCH UPDATE

As part of Trillium's ongoing security initiatives and our contractual commitment once we launch as a Tailored Plan, Trillium's IT Department is continuing to move ahead with our implementation of Microsoft Authentication supported Single Sign On (SSO) throughout the organization including external partners / providers.

This notification is to provide an update on the implementation schedule, to allow for more robust testing before we Go-Live. We've determined that a phased-in approach is a better option, and should help us to mitigate any major risks and/or downtime. Our updated/target launch date is now ***February 28, 2022.***

As a reference, SSO occurs when a user logs into one application and is then signed into other applications automatically. SSO provides a seamless experience, instead of having to remember separate sets of credentials for each application or service, users can simply log in once and access a full suite of securely connected applications. Other benefits include centralized control over access to all systems, better password policies, less password fatigue, fewer password calls to IT, and faster log-in process.

To that end, Trillium is implementing SSO into our platform, including Provider Direct. How users access Provider Direct will not change (please use the same website or bookmarks you've always used to access PD), however, the login process will change slightly in support of SSO. We will share more details including training later this year.

For technical support while in the Provider Direct system, please contact Trillium via the Feedback button. Alternatively, you can also send an email to PDsupport@Trilliumnc.org, this will create a service encounter to be triaged and directed to the appropriate person to help with the PD system issue.

Training and user guides will be posted on My Learning Campus soon. The link to the training and user guides will be sent out in a future Network Communication Bulletin.

NC TOPPS INFORMATION REGARDING MEMBERS TRANSITIONED TO STANDARD PLANS

Any members that transitioned from Trillium to a Standard Plan no longer need NC TOPPS updates. These members that are no longer receiving services through the LME/MCO will need to have an episode completion done in NC TOPPS as soon as possible. Please see the [updated NC TOPPS Guidelines](#), pages 7 and 11 for additional information.

VALUED PROVIDERS SEAL PROGRAM

Visit the [Valued Providers Seal Program](#) web page for more information about the Contracted, Comprehensive Behavioral Health, Large Agency, Evidenced-Based Treatment, Comprehensive I/DD and Integrated Care Provider Seals.

[Valued Providers Seal Program Tool Kit](#) is designed for just that. This resource provides tips for sharing news of provider seals on websites, social media, newsletters, and emails, along with pre-written posts and messages.

Trillium can see the impact providers make on our members and communities. We hope the tool kit serves to ensure those members and communities can see it as well.

Contact us at SealProgram@TrilliumNC.org for questions about the Valued Providers Seal Program. Providers can apply for one or multiple seals!

NEED TO REPORT FRAUD, WASTE AND ABUSE?

Ethicspoint is a secure and confidential system available 24 hours a day, 7 days a week for reporting suspected violations of fraud, abuse and confidentiality breaches. You can access Ethicspoint through website submission at [EthicsPoint - Trillium Health Resources](#) or by calling toll free 1-855-659-7660.

Any questions about this Communication Bulletin *that does not already have an email listed for questions from that specific section*, may be sent to the following email: NetworkManagement@TrilliumNC.org. These questions will be answered in a Q&A format and published on Trillium's website.
