WILMINGTON, N.C. (WECT) - Trillium Health will award a \$5,000 grant to Bradley Creek Elementary School on October 7th as part of an initiative to engage staff in [Safe Schools Healthy Kids NC](#).

Bradley Creek Elementary School is one of the first five schools to have 50% of its staff register and complete two of the qualifying courses on the Safe Schools Healthy Kids NC learning portal.

The Safe Schools Healthy Kids NC portal is a one-stop-shop for health and safety issues that affect the school environment, and the portal provides teachers and staff with instant access to evidence-based models, resources and materials to ensure schools are safe, supportive and healthy for all students.

Specific programs include:

- Modular Approach to Children with Anxiety, Depression, Trauma, or Conduct Problems
- Anger Management for Children and Youth
- Supporting Children who have been Bullied
- Recognizing Warning Signs of Children in Distress

The grant funds will be used by Bradley Creek to purchase a variety of instructional resources to assist with remote learning and school improvement.
