

Transforming Lives. Building Community Well-Being.

2024-2025 State-Funded Child and Adult Non-Innovations Benefit Plan

<i>Service Code(s):</i>	<i>Services Included (Sorted by Alphabetical Order):</i>
YP620	<u>Adult Developmental Vocational Program</u>
YM851, YM852	<u>Community Living and Support</u>
YM590	<u>Day Supports - Group</u>
YA389	<u>Long-Term Vocational Support Services</u>
YP012, YP013, YP014, YP015	<u>Respite Services</u>
YM846	<u>Residential Supports (I/DD)</u>
YP642 BF, YP642 BE	<u>Supported Employment (I/DD & TBI): Employment Stabilization Phase</u>
YP642 BG, YP642 BE	<u>Supported Employment (I/DD & TBI): Long Term Supported Employment Phase</u>
YP642 BD, YP642 BE	<u>Supported Employment (I/DD & TBI): Pre-Employment Phase</u>
YM854	<u>Supported Living Periodic (IDD & TBI)</u>

Codes / modifier combinations not mentioned for specialized services will be found within contracts.

For State-Funded services (unless otherwise noted): Child services are available from age 3 through age 18. Adult services are available from age 18 and older.

Member and Recipient Services: 1-877-685-2415

Provider Support Service Line: 1-855-250-1539

Person-Centered Plan Requirements & Guidance

Providers can use the PCP template or develop their own template, but the PCP *must* contain all the required elements: 1) Assessment of life domains; 2) Person-Centered Interview Questions; 3) An action plan; 4) An enhanced crisis intervention plan, and; 5) A signature page. The PCP should be based on a comprehensive assessment that examines the individual's symptoms, behaviors, needs and preferences across the life domains listed below. Additional info can be found on the [NCDHHS Person-Centered Planning Training](#) webpage (PCP Guide). See the [JCB #445 Timelines for Implementation](#) for the implementation requirements for the new PCP guidance and templates.

Life Domains (PCP Guide)

Each life domain should provide a written picture of what is currently happening, what the individual's vision for a preferred life is for that area, and what the provider is doing to support the individual to move closer to living their preferred life.

- *Daily Life and Employment Domain*: What a person does as part of everyday life.
- *Community Living Domain*: Where and how someone lives.
- *Safety and Security Domain*: Staying safe and secure (finances, emergencies, relationships, neighborhood, legal rights, etc.).
- *Healthy Living Domain*: Managing and accessing health care and staying well.
- *Social and Spirituality Domain*: Building/strengthening friendships and relationships, cultural beliefs, and faith community.
- *Citizenship and Advocacy Domain*: Building valued roles, understanding personal rights, making choices, sexual orientation, self-identification, setting goals, assuming responsibility and driving how one's own life is lived.

Person-Centered Interview Questions (PCP Guide)

These identify what the person wants to work on, what they would like to accomplish, their identified strengths, and any identified obstacles preventing them from reaching their goals.

Action Plan (PCP Guide)

The Action Plan section of the PCP includes the individual's long-term goal, short-term goals, and interventions or the action steps to be taken to achieve these goals. For each desired long-term goal, the Action Plan will include short-term goal(s) as well as interventions.

- *Long-Term Goal Development*: what motivates the person to engage in services and make changes. These are personal to that individual, often reflect one or more Life Domains, and typically take time to achieve. Ideally, long-term goals are oriented toward quality-of-life priorities and not only the management of health conditions and symptoms.
- *Short-Term Goals*: help the person move closer to achieving their long-term goals. They reflect concrete changes in functioning/skills/activities that are meaningful to the person and are proof they are making progress. Short-term goals build on strengths while also addressing identified needs from the assessment that interfere with the attainment of the valued, long-term life goal(s). Short-term goals are written in SMART (Specific/Straightforward/Simple, Measurable, Achievable, Relevant, and Time-Limited) language.
- *Interventions*: reflect how all team individuals contribute to helping the person achieve their short-term goals. Interventions are the specific tasks the provider and individual agree on. The language of interventions should include: WHO is offering the intervention/support, WHAT specifically will be provided or done (e.g., title of service or action), WHEN it is being offered – frequency and duration (e.g., once a month for 3 months), and WHY it is needed (i.e., how the intervention relates to the individual's specific goal).

Enhanced Crisis Intervention Plan (PCP Guide)

A crisis plan includes supports/interventions aimed at preventing a crisis and the supports/interventions to employ if there is a crisis. It must include:

- Significant event(s) that may create increased stress and trigger the onset of a crisis.
- Early warning signs which indicate a possible upcoming crisis.
- Crisis prevention and early intervention strategies
- Strategies for crisis response and stabilization
- Specific recommendations for interacting with the person receiving a crisis service.
- Diagnosis and insurance information,
- Name and contact information for medical and mental health provider
- List of medications including doses and frequency, allergies, and other medical and dental concerns.
- Living situation and planning for any pets and people, etc. in case of a crisis if applicable.
- Employment/ Educational status and plan for notification if applicable
- Preferred method of communication and language.
- Names and contact information of formal and informal support persons
- Suicide prevention and intervention plan, behavior plan, youth in transition plan and Psychiatric Advance Directive (PAD), if applicable.
- Crisis follow-up planning to include: 1) The primary contact who will coordinate care if the individual requires inpatient or other specialized care; 2) Name of the person who will visit the individual while hospitalized, and; 3) Provider responsible to lead a review/debriefing following a crisis and the timeframe.

Signature Page (PCP Guide)

Signatures are authenticated when the individual signing enters the date next to their signature. Check boxes left blank on the signature pages of the PCP will be returned as incomplete. A signature page must include:

- Person Receiving Services - Dated signature is required when the person is his/her own legally responsible person. A provider may not bill Medicaid for services until this signature is acquired if the individual is his or her own legally responsible person.
- Legally Responsible Person - Dated signature when the person receiving services is not his/her own LRP. A provider may not bill Medicaid for services until this signature is acquired, when applicable.
- Person Responsible for the Plan - Dated signature is required. Inclusion of the required information on the signature page of the PCP template by the Person Responsible for the Plan is also required for individuals under the age of 21 (Medicaid) or under age 18 (State) who are receiving enhanced services and are actively involved with the Department of Juvenile Justice and Delinquency Prevention or the Criminal Court System.
- Service Order/Confirmation of Medical Necessity - Dated signature is required, plus confirmation of medical necessity, indication of whether review of the comprehensive clinical assessment occurred, and indication if the LP signing the service order had direct contact with the individual.

Not an entitlement.</p> <p><u>Code(s):</u> YP642 BF: Employment Stabilization Phase (GT eligible)</p> <p>YP642 BE: Career Planning Assessment (GT eligible)</p> <p><u>Modifier(s):</u> GT: Telehealth</p>	<p>Supported Employment services aid with choosing, acquiring, and maintaining a job for individuals for whom Competitive Integrated Employment (CIE) has not been achieved and /or has been interrupted or intermittent. Job finding should be exploring options for CIE and is not based on placement from a pool of jobs that are available or set aside specifically for individuals with disabilities. The intent of Supported Employment services is to assist individuals with developing skills to seek, obtain and maintain CIE or develop and operate a micro-enterprise. Employment positions are found based on individual preferences, strengths, and experiences.</p>	<p><u>Initial Requests (if the service was not initiated at the Pre-employment Phase):</u></p> <ol style="list-style-type: none"> 1. TAR: Prior authorization required 2. VR Documentation: Member must have completed the application process with VR and the Eligibility Decision outcome be documented noting ineligibility or closure for VR Services <i>prior</i> to receiving this service 3. NC-SNAP/ SIS/ TBI Assessment/ Employment Evaluation: Required, completed by Vocational Rehabilitation (VR) 4. Psychological, Neuropsychological, or Psychiatric Assessment: Required, must demonstrate an individual has a developmental disability as defined by G.S. 122-C-3(12a) or a TBI as defined by G.S. 122-C-3(38a) OR Physician Assessment: Required, to demonstrate an individual has a developmental disability as defined by G.S. 122-C-3(12a) without accompanying intellectual disabilities 5. PCP/ ISP: Required, incorporating the Career Development Plan with the Career Development & Planning Assessment attached. Must include evidence the member is interested in and needs service to maintain CIE or to obtain a change in employment conditions. 6. Service Order: Required, completed by a QP, MD/DO, LP, PA, or NP 7. Wage Info: Required upon initiation of the ESP, at the initiation of each plan year, and at the end of the 6th month of the plan year. 8. Evidence of Discharge Planning: to include a fade out plan, technology utilization, documentation of exhausted efforts to maximize on the job and natural supports and attempts to ensure the job fits the individual's abilities. 9. Submission of all records that support the individual has met the medical necessity criteria. <p><u>Reauthorization Requests:</u></p> <ol style="list-style-type: none"> 1. TAR: Prior authorization required 	<p><u>Length of Stay:</u></p> <ol style="list-style-type: none"> 1. The ESP should end once the member has achieved satisfactory work performance or work task meets employers' expectations. The ESP does not typically exceed one calendar year. 2. If an individual exceeds the timeframe of the employment phase, an exception request should be made. The request should include the nature of the issue that caused the timeframe not to be met and the steps to prevent the issue from recurring. 3. After one exception for the ESP has occurred, technical assistance may be needed to reassess employment goals. <p><u>Units:</u></p> <ol style="list-style-type: none"> 1. One unit = 15 minutes <p><u>Age Group:</u> Adolescents & Adults (age 16 or older)</p> <p><u>Place of Service:</u> A Competitive Integrated Employment HCBC setting. Cannot occur in licensed community facilities, inclusive of day programs.</p> <p><u>Service Specifics, Limitations, & Exclusions (not all inclusive):</u></p> <ol style="list-style-type: none"> 1. Provider must complete ongoing education to the employer regarding ADA accommodations to ensure the transition from the ESP to the Long-Term Supported Employment Phase is successful and the individual's needs are met. 2. Transportation included (exclusions apply). The ESP should not continue solely as a means of transportation. 	<p>State-Funded Supported Employment (I/DD & TBI) Service Definition</p> <p>Implementation of the Revised State-Funded Supported Employment Service Definition Communication Bulletin</p> <p>Trillium CCB #60: Changes to State Funded IDD Supported Employment codes and benefits</p> <p>APSM 45-2 Records Management and Documentation Manuals</p> <p>NC PCP Guidance Document</p>

<p>Employment Stabilization Phase (ESP): This phase includes activities that should occur when the individual has obtained CIE. Typical activities include a variety of approaches to teach the individual how to complete assigned job tasks. The goal of this service is to enable an individual to complete initial job training, develop skills necessary to maintain CIE, and successfully assimilate into the workplace. It is critical that job fading occurs early during this phase to allow the individual to develop on-the-job and natural supports.</p>	<p>2. VR Documentation: Member must have completed the application process with VR and the Eligibility Decision outcome be documented noting ineligibility or closure for VR Services <i>prior to</i> receiving this service</p> <p>3. Current NC-SNAP/ SIS/ TBI Assessment/ Employment Evaluation: Required, completed by Vocational Rehabilitation</p> <p>4. Psychological, Neuropsychological, or Psychiatric Assessment: Required, must demonstrate an individual has a developmental disability as defined by G.S. 122-C-3(12a) or a TBI as defined by G.S. 122-C-3(38a) OR Physician Assessment: Required, to demonstrate an individual has a developmental disability as defined by G.S. 122-C-3(12a) without accompanying intellectual disabilities</p> <p>5. Updated PCP/ ISP: Required, incorporating the Career Development Plan with the Career Development & Planning Assessment attached. Updated goals showing a progression in skill acquisition or a documented need for ongoing training and/or support is required. PCP/ISP must include: Member's employment integration feedback and employer's ADA accommodations. Must include evidence the member is interested in and needs service to maintain CIE or to obtain a change in employment conditions.</p> <p>6. Wage Info: Required upon initiation of the ESP, at the initiation of each plan year, and at the end of the 6th month of the plan year.</p> <p>7. Evidence of Discharge Planning: to include a fade out plan, technology utilization, documentation of exhausted efforts to maximize on the job and natural supports and attempts to ensure the job fits the individual's abilities.</p> <p>8. Evidence of Need: Evidence that continued employment supports are needed to maintain CIE or to obtain a change in job opportunities when the 1-year phase timeframe has passed.</p> <p>9. Submission of all records that support the individual has met the medical necessity criteria.</p> <p>NOTE: Member meets criteria for discharge if there is insufficient documented evidence to support the need for continued services.</p>	<p>3. Service does not cover: a) incentive payments made to an employer; b) payments that are passed through to the member; c) payments for non-Supported Employment training</p> <p>4.
