

To: ADVP and Day Activity Providers  
From: Cham Trowell, UM/Transitions of Care Director  
Date: May 21, 2021  
Subject: Change in State Funded Benefit Plan

---

As of July 1, 2021 Trillium Health Resources (Trillium) will be replacing State-Funded ADVP (YP620) and Day Activity (YP660) with State-Funded Day Supports (YM580) in our Benefit Plan for State-Funded Members.

To ensure smooth transition, Trillium will take the following action:

- 🌱 Add State-Funded Day Supports (YM580) to the IDD Benefit Guidelines with No Prior Authorization for the first quarter of FY 2021/2022.
- 🌱 Add State-Funded Day supports (YM580) in your contract effective July 1, 2021
- 🌱 End date State-Funded ADVP (YP620) and Day Activity (YP660) in the provider's contract with an effective June 30, 2021
- 🌱 End all authorizations for State Funded ADVP and Day Activity after June 30, 2021.
- 🌱 Allow members to receive State Funded Day Supports for 5 days a week for three months without an authorization to ensure plans can be updated.

**Beginning October, 1 2021 State Funded Day Supports will require an authorization. Providers may start to request authorizations on June 15, 2021. This service is a face to face service only with no flexibilities.**

Trillium will provide a LIVE WebEx training on State- Funded Day Supports (YM580) on May 24, 2021 @ 10:00 am. To register for this Live WebEx training, please click link and then click 'register' and complete information
