## Clinical Communication Bulletin 040

**To:** All Providers  
**From:** Cham Trowell, Utilization Management Director  
**Date:** September 12, 2023  
**Subject:** 1915i waiver services and new B3 codes

### 1915I WAIVER SERVICES AND NEW B3 CODES

Trillium is working on adding new 1915i codes to the benefit plan and provider contracts. Members approved for 1915i services and authorizations will be moved from the current B3 codes to the 1915i codes.

Trillium is also working on adding new B3 codes to the benefit plan and to provider contracts. For members remaining in B3, authorizations will be moved from the current B3 codes to the new B3 codes.

Trillium is continuing to work on these transitions which are affecting the ability to request some authorizations for both B3 and 1915i services. Please continue to provide these medically necessary services for the members you serve as Trillium will work with you to ensure continuity of care.

These updates will not be completed by September 15, 2023; however, Trillium will notify you when tasks are completed and issues around authorizations are resolved.
