

PARENTS AS COLLABORATIVE LEADERS (PACL) TRAININGS

Free training program presented by parents of children with special health care needs.

The Whole Child Health Section of the N.C. Child Division of Child & Family Well-Being has assembled a group of parent leaders and trained them to facilitate the nationally recognized, research-based curriculum, **Parents as Collaborative Leaders (PACL)**. These parents are passionate about teaching others who have children with a variety of special healthcare needs and/or developmental concerns to become effective leaders in their communities, at the state level, and at the national level. These trainings have been used to support parents and caregivers being more active and confident at the table in a variety of educational, medical, and community settings. **The trainings are offered at no cost.**
