

RE-ENTRY

SIMULATION

This event provides a hands-on experience of the very real life barriers facing those individuals released from incarceration, to include those with serious substance use, mental illness and intellectual/developmental disabilities.

Through assigned profiles, participants are tasked with adjusting to the world outside of the prison gates, securing employment, consistently attending treatment, maintaining stable housing, and complying with conditions of their release.

Your participation will help to facilitate access to services and resources that are often challenging and difficult to navigate.

NO COST

WHO - Trillium Providers & Staff
