

# Exploring Empathy and Reducing Barriers through Storytelling

A Re-entry Simulation is a special interactive educational event which highlights the struggles and challenges faced by individuals transitioning from incarceration back to their communities. The event will include a hands-on experience for securing employment, attending treatment, finding stable housing, and other conditions of release.

**Target Audience:** Anyone who works with justice-involved individuals upon release including: providers, community agencies (DSS, DMV, employment agencies, etc.), policy makers, or Criminal Justice majors.
