Information about Primary Care Physician assignment:

Your Primary Care Provider (PCP) is a doctor, nurse practitioner, physician assistant or other type of provider who will:

- Care for your health
- Coordinate your needs
- Help you get referrals for specialized services if you need them

As a Trillium Medicaid member, enrolled in a Tailored Plan, you had an opportunity to choose your own PCP. If you did not select a PCP, we chose one for you based on your past health care. You can find your PCP's name and contact information on your Medicaid card. If you would like to change your PCP, you have 30 days from the date of receiving this packet to make the change. We can help arrange your first visit to your PCP, please call **1-877-685-2415** for assistance.

Information about Tailored Care Management:

Once you have selected or been auto assigned to PCP, you had the opportunity to select your Tailored Care Management Provider. As a Tailored Plan member, you may be eligible to receive Tailored Care Management. Tailored Care Management allows you to select a care manager who will work with you and your care team to make sure that you are getting the right supports and services.

If you are eligible for Care Management, you will have an assigned Tailored Care Management Provider who can best meet your needs. There are three different types of Care Management Providers including: Advanced Medical Home Plus, Care Management Agency, and Trillium Care Management. Trillium will help you choose the provider that is right for you.

People who are receiving services that would duplicate Care Management may not be eligible to receive Tailored Care Management. In this packet, you will also have a form provided that allows you to opt out of Care Management. You may also opt out by contacting Member Services at **1-877-685-2415**. Additionally, if you would like to change to your Tailored Care Management Providers, Member Services can help you with that request. If you need a care manager and you did not have an insert with an assigned provider, you can contact Member Services to see if you are eligible.

YOU HAVE TRANSITION OF CARE PROTECTIONS.

Your health care is important to us, and we want to make sure you keep getting care from your providers. Until **January 31, 2025**, Trillium will allow you to get treatment from out-of-network providers. Our provider network might not include your current doctor, but we are adding new providers each day.

This means you can:

- Get health care from your current doctor, nurse practitioner, physician assistant or other provider.
- Get services you need from providers in-network and out-of-network.

What if I am in the middle of getting treatment?

If you are currently getting ongoing treatment or if you have an ongoing special condition, Trillium will work with you and your provider to make sure you can continue your current treatment.

You can keep getting treatment for an ongoing condition from your current providers until **January 31, 2025**.

You can change your primary care provider (PCP) at any time for any reason until **January 31, 2025**.

Trillium is still adding primary care providers to grow our provider network (group). If you have questions about which providers you can see, call us at **1-877-685-2415** (TTY 711). You can also view providers in our group on our website at provider-directory.trilliumhealthresources.org or on the "Find page" at ncmedicaidplans.gov.

Once you find a provider you like and cares for your needs, call us at **1-877-685-2415** to tell us which provider you want to see.

TAILORED CARE MANAGEMENT

For extra support to get and stay healthy, you have access to Tailored Care Management at no cost to you. Tailored Care Management provides you with a care manager, who is trained to help people with mental health, substance use, intellectual/developmental disability, and/or traumatic brain injury needs. Your care manager works with you, your team of medical professionals, and your approved family members (or other caregivers) to consider your unique health-related needs and find the services you need in your community.

Your care manager can:

- Do a full assessment of your needs and help develop a set of health goals and a plan to achieve those goals
- Help arrange your appointments and transportation to and from your provider
- Answer questions about what your medicines do and how to take them
- Follow up with your doctors or specialists about your care
- Connect you to helpful resources in your community

If you are in the NC Innovations waiver, Tailored Care Management will include coordination with any Innovations or TBI services you are receiving, such as community living and supports, day supports, and respite.

Your Tailored Care Management provider may be your primary care provider (also called an Advanced Medical Home +, or AMH+), a Care Management Agency (CMA), or Trillium Health Resources (Trillium)'s Care Management department.

Your Tailored Care Management provider is:

ECU Health

123 Main St.

Greenville, NC 29706

Phone: 1-252-567-8901

Fax: 1-252-678-9102

You can choose your Tailored Care Management provider or you can change your Tailored Care Management provider during the year. If you want to choose or change your Tailored Care Management provider, you can call **Member and Recipient Services at 1-877-685-2415** or submit the form: TrilliumHealthResources.org/members-recipients-portal

You can also choose not to have a care manager and not receive the Tailored Care Management benefit. Trillium will help you coordinate services, but the coordination will be more limited than Tailored Care Management. For example, you will not meet with a care manager on a regular schedule. This will not impact which providers you can see or what services are covered for you through Trillium including NC Innovations waiver services. You can choose not to have Tailored Care Management at any time by calling **Member and Recipient Services at 1-877-685-2415** or submit the form: bit.ly/3TdxPzl.
