

Transforming Lives. Building Community Well-Being.

## MEMBER AND STAKEHOLDER COMMUNICATION BULLETIN #25

**To:** All Trillium Members/Recipients and Stakeholders

**From:** Cindy Ehlers, Executive Vice President

**Date:** September 9, 2021

**Subject:** Let's Chalk About Mental Health events, AngelSense™ trainings, Victory Junction

Trillium Health Resources is pleased to announce that we are one of seven managed care organizations awarded a Behavioral Health Intellectual/Developmental Disability (I/DD) Tailored Plan contract to serve members and recipients in our region. Tailored Plans will coordinate integrated services for physical and serious behavioral health care needs, with a launch date of July 1, 2022.

Medicaid members and state-funded recipients do not need to do anything at this time. Over the next year, we will share opportunities for members and recipients to learn about changes to procedures, new services available, and what to expect. Please follow our website or social media pages, and sign up to receive [text messages](#).

Trillium shares information with our members, their families or guardians, and our community stakeholders in a variety of ways, including this Member and Stakeholder Communication Bulletin. If you were forwarded this email and have not signed up to receive these notifications, you can do it on the link below.

### LET'S CHALK ABOUT MENTAL HEALTH EVENTS

Trillium launched our [One Community](#) initiative this May, a one-year program to send staff into our communities to share how people can address their mental health to thrive after the pandemic. We will also educate about suicide prevention, alcohol awareness, and autism acceptance.

For Suicide Prevention and Recovery Months, both taking place in September, we will host "Let's Chalk about Mental Health" events this weekend. Using chalk, we will create messages of hope, love, and understanding to spread awareness that help is always available. Please join us! \*Chalk and treats provided at each event.
