Data is for Fiscal Year 2021 (July 2020-June 2021)

Trillium Health Resources maintains a registry of unmet needs (RUN) for members who are interested in receiving Innovations Waiver services. Members who believe they may qualify for Innovations Waiver should complete the application process to be placed on the RUN for IW services. In order to process your request, you must complete the [application](#) and submit a psychological evaluation. Being placed on the RUN means you are potentially eligible for Innovations Waiver services. Final eligibility is determined when a slot becomes available.

Individuals who are on the RUN will periodically be contacted to ensure information is accurate and to help look for other resources or services that would benefit the member while waiting. While on the RUN it is important to note that there are still services that can be available based on medical necessity.

For any questions or to submit your RUN Application please contact: RUN@TrilliumNC.org

How to get on the Registry of Unmet Needs:
