

Network Communication Bulletin #003

To: All Network Providers

From: Cindy Ehlers, MS, LPC, Vice President of Clinical Operations

Date: September 5, 2017

Subject: Health Information Exchange (HIE) Provider Training in lieu of the September 21, 2017 Provider Meeting

We are very excited to provide training to Network Providers on the upcoming requirement for the Health Information Exchange (HIE) by Tara Larson with the Cansler Collaborative in October. Tara will share with Network Providers what you need to know to prepare for this upcoming requirement.

HIE allows all doctors, nurses, pharmacists, other health care providers and patients to appropriately access and securely share a member's vital medical information electronically—improving the speed, quality, safety and cost of member care.

HIE improves tracking and securely shares complete medical histories and more and more health care providers of all types are participating. HIE helps facilitate coordinated member care, reduce duplicative treatments, and avoid costly mistakes.

The September 21, 2017 provider meeting is cancelled in an effort to free up the time needed for all providers to participate in this important training session.

Trillium Health Resources will host HIE training in October for all providers. Keep an eye out for the training announcement and registration information coming soon. See below for dates/times/locations of the training:

All trainings are scheduled to occur 9:00am - 12:00pm.

1. October 11 - Trillium Health Resources, 165 Center St., Jacksonville, NC
 - Hammocks Beach Conference Room

2. October 12 - Trillium Health Resources, 3809 Shipyard Blvd., Wilmington, NC
 - Morehead City & Sloop Point Conference Room
3. October 17 - Pitt County Agricultural Center, 403 Government Circle, Greenville, NC
 - Auditorium
4. October 19 - College of the Albemarle, 1208 N. Road St., Elizabeth City, NC
 - John Wood Foreman Technology Bldg., Room FC121
