Subject: Providers Stories to Share With Care For NC

PROVIDER STORIES TO SHARE WITH CARE FOR NC

North Carolina is only as strong as the well-being of its citizens. Tens of thousands of our state's citizens — those with serious mental illnesses, substance use disorders and intellectual/developmental disabilities — require access to critical services, delivered consistently, to live their best, most independent lives in a community they call home. Across the state, our dedicated workforce is deeply rooted in the communities we serve. Trillium has joined with other MCOs and provider organizations to help share our stories through [Care for NC](#).

We want to hear from YOU and help share YOUR stories during this unprecedented time. We are asking for pictures, brief videos (under two minutes), and a few sentences about your experiences. Guidelines and links for submissions are linked below.
