RECRUITMENT OPPORTUNITIES

NC Medicaid has received federal approval of additional flexibilities during the COVID-19 pandemic for the NC Innovations Waiver, for individuals with intellectual and developmental disabilities (IDD).

During federally declared emergencies, states can submit requests to ease certain waiver requirements through an Appendix K. NC Medicaid received approval of Appendix Ks for all four of our waivers from our federal partners at the Centers for Medicare and Medicaid Services (CMS), effective March 13, 2020, to March 12, 2021.

NC Medicaid submitted a third Appendix K for the NC Innovations to CMS. The following modification in scope and coverage during the COVID-19 pandemic was approved effective August 17, 2020, to March 13, 2021:

- 🌱 The following language is additive to the state's current approved waiver definition for this service: Respite may be utilized during school hours for sickness, injury, when a student is suspended or expelled, or School hours during the public health emergency that necessitates remote learning.

If you have any questions, please contact Kenneth Bausell at Kenneth.Bausell@dhhs.nc.gov.

CREDENTIALING UPDATE

Effective October 1, 2020, Trillium Health Resources will no longer extend deadlines for provider and practitioner re-credentialing or automatically process requests for provisional credentialing. Please inform Trillium of any service provision or operational changes as a result of a tropical storm or hurricane. The new [Changes to Provider Operations form](#) is available on the [Community Crisis and](#)
