## UPDATED PRIVATE DUTY NURSING CLINICAL COVERAGE AND DOCUMENTATION SUBMISSION POLICIES EFFECTIVE APRIL 1, 2025

---

Private Duty Nursing (PDN) Clinical Coverage policies require providers to submit the signed CMS 485 every 60 days for PDN beneficiaries. Providers are expected to submit the signed CMS 485 every 60 days. Effective April 1, 2025, for reauthorizations, GDIT will not look at previous PAs for CMS 485s.

Effective April 1, 2025, PDN providers will have a 7-business day grace period to submit all required PDN documentation. If the documentation is submitted and acceptable within 7 business days of the PA submission, GDIT will adjudicate the PA with the requested effective start date provided all clinical criteria are met. If the documentation is received after the 7-business day deadline, the effective PA start day will be the date of receipt of acceptable documentation provided all clinical criteria are met.

### EXAMPLE:

1. PA submit date: 02/03/2025
2. PA requested start date 02/12/2025
3. RAI letter sent: 02/07/2025

4. If the additional information received on or before 02/18/2025, the PA would be approved with the requested effective start date of 02/12/2025.
5. If the additional information is received after 02/18/2025, the PA start date would be reduced to the date the final piece of documentation is received, and all criteria is met. (Example: All requested additional information is received on 02/20/2025; therefore, the PA start date is 02/20/2025.)

## ROADMAP2READY: APRIL 2025

Each month we will cover a topic that is a part of the Centers for Medicare & Medicaid Services Emergency Preparedness Rule. In March we covered power failures and a toolkit on how to improve your plan. Interested to see what we covered in past posts? [Click here.](#)

**Roadmap  
2 Ready**

Unfortunately, sometimes residents or clients can go missing. Ensure that this is included in your facilities procedures and emergency plans. There are many resources and templates available to help create a plan and checklists for your facility.

Here are the [resources that ASPR TRACIE](#) has put together, below are some highlights of what to consider.

-  **When was the last time this procedure and plan were revised in detail?** Make some time this month to meet with leadership and Emergency Preparedness team to review the plan.

- 🌱 **Is your staff familiar with the procedure and plan?** This may be a good time to send staff a reminder of the procedures in place
- 🌱 **Is there suggestions in place on search patterns or recommendations?** Do you have a blueprint of your floor plan or assigned specific roles to search their designated areas?
- 🌱 **Complete an After-Action Report (AAR)** after a resident goes missing or use this scenario to create a tabletop exercise. It is important to go over what occurred after the fact and find areas that need improvement or updating.

If you are not a residential facility but have a member that may be prone to wandering, check with your local Sheriff Office or Emergency Management office to see if they qualify for programs such as:

- 🌱 **Are You OK? Service**--This program is a daily telephone reassurance program offered by some Sheriff's Office. (This program could be called "R U OK")
- 🌱 **Project Lifesaver**--Search and rescue program operated by public safety agencies and designed for "at-risk" individuals who are prone to the life-threatening behavior of wandering.

Disaster Plans are due **May 1, 2025**. Even if no updates are needed to your 2025 Disaster Plan, you **must** still resubmit the plan with a new cover page displaying the current year and disaster contact info. **Disaster plans must be submitted through the following link:** [2025 Disaster Plan Submission](#). To confirm your disaster plan was received just check the "send me a copy of my responses" option at the end of the Disaster Plan Submission form.

### QUESTIONS RELATED TO PROPOSED FEDERAL FUNDING CUTS

Trillium has received several questions related to the federal funding cuts announced on March 24, and we understand the uncertainty this announcement may have caused. Please note, the scope of this potential funding cut is limited.

Trillium has reached out to all providers who may be impacted by this notice. If you have not received direct communication from Trillium on this topic, we do not anticipate any funding changes for your organization currently.

### NEW CAMPAIGN FOCUSES ON PERSISTENT DISPARITIES IN OVERDOSE DEATHS FOR BLACK COMMUNITIES

Vital Strategies hosted a webinar to launch a new campaign to reduce opioid overdose, with a focus on addressing disproportionately high overdose deaths in Black communities. See below for sign-up information and a video about the campaign. [Watch the video](#)

A partner of DMH/DD/SUS, Vital Strategies has convened a coalition of Black community leaders, government officials, and health experts to create the You Have the Power to Save Lives campaign.

The campaign promotes overdose-reversing naloxone, an easy-to-use nasal spray medication. At the heart of the campaign is a new website, [YouCanSaveLives.org](https://YouCanSaveLives.org), where people can learn how to get naloxone in their community and hear real-world testimonials about the importance of carrying and using naloxone.

NCDHHS maintains its own website where anyone in NC can learn how to get naloxone. Please visit [naloxonesaves.org](https://naloxonesaves.org) to learn more about how North Carolina is working to address the opioid epidemic.

## UPDATE FROM NCTRACKS – A MESSAGE ON BEHALF OF MEDICAID

---

### COLLABORATIVE CARE MANAGEMENT CAPACITY BUILDING FUNDING

Starting April 1, 2025, applications open for Phase 1 and Phase 2 Practices.

The NC General Assembly has earmarked \$5 million for capacity building for Medicaid-enrolled primary care practices across the state to adopt Collaborative Care Management (CoCM). The NCDHHS Division of Mental Health, Developmental Disabilities, and Substance Use Services (DMHDDSUS) is contracting with Community Care of North Carolina (CCNC) to manage the program in partnership with North Carolina Area Health Education Centers Practice Support coaching.

CoCM is an evidence-based behavioral health integration model designed to support primary care clinicians in assessing and treating patients with mild to moderate behavioral health conditions.

An [evidence-based model](#) shown to be more effective than usual care, CoCM improves patient outcomes, increases satisfaction for both patients and providers, and reduces healthcare costs and the stigma related to mental health and substance use disorders.

The capacity building fund has a maximum award of \$50,000 per practice. A primary care practice entity applying on behalf of multiple primary care practice sites may receive a maximum of three awards per entity.

-  **Phase 1:** Each clinic site may be eligible to receive awards of \$50,000 to begin a CoCM model in-house.
-  **Phase 2:** Additionally, \$30,000 is available for practices to expand an existing in-house CoCM model and \$20,000 is available to practice sites meeting Phase 1 eligibility, but planning to outsource staffing to a third-party, turn-key company.

For more information, please see [CCNC's website](#).

### NC MEDICAID LONG TERM SERVICES AND SUPPORTS 2025 PROVIDER FORUM

NC Medicaid Long Term Services and Supports (LTSS) will host the 2025 Forum June 4-5, 2025. This two-day conference is a statewide conference for providers of all service types who administer, manage, and deliver medical, supportive, and home and community-based services to NC Medicaid beneficiaries in NC Medicaid Managed Care and NC Medicaid Direct. Please note that anyone is encouraged to attend, and that the forum is not limited to providers.

More details on topics, speakers and registration will be available soon.

## **MEDICARE CROSSOVER CLAIMS**

---

Effective 4/1/2025, Trillium Health Resources will begin processing Medicare Crossover claims received by NCTracks. Both Professional and Institutional secondary claims will be received by Trillium for dual-eligible beneficiaries (Medicare & Medicaid coverage) who have Trillium designated as their Medicaid Managed Care payor.

Providers with dual-eligible beneficiaries will only need to submit claims in the following cases:

- 🌱 If Medicaid requires a different billing format from Medicare for a particular service including the differing of modifiers and claim forms
- 🌱 The members have additional third-party commercial coverage

For any questions regarding claims, please feel free to contact [ClaimsSupport@TrilliumNC.org](mailto:ClaimsSupport@TrilliumNC.org).

## **VERIFYING OTHER HEALTH INSURANCE FOR NC MEDICAID MANAGED CARE MEMBERS**

---

Use Standard Plan and Tailored Plan provider portals or Real-Time Eligibility Electronic Data Interchange Transactions 270/271.

Providers are reminded to [verify other insurance information for NC Medicaid Managed Care](#) members through the respective Standard Plan and Tailored Plan provider portals or through the PHP's Real-Time Eligibility Electronic Data Interchange (EDI) transactions 270/271.

NC Tracks should only be used to verify other insurance for NC Medicaid Direct members. NC Medicaid health plans have and will continue to be the primary source of truth for identifying and verifying the existence of other health insurance coverage for the managed care member population. Please refer to the March 2023 bulletin, [Identifying Other Found Insurance for NC Medicaid Managed Care Members](#), for the original announcement.

## OTHER HEALTH INSURANCE REMINDERS

- 🌱 Providers should verify other health insurance information directly with the Medicaid Managed Care Organizations (PHPs) associated with the member prior to submitting claims.
- 🌱 Claims submitted to a Medicaid PHP for members with other health insurance must adhere to the coordination of benefits (COB) protocols as outlined by the health plan.

## HEALTH PLAN RESPONSIBILITIES

- 🌱 Medicaid PHPs are responsible for identifying, verifying and maintaining accurate records of other health insurance coverage for their members.
- 🌱 PHPs must communicate any updates of other health insurance to the state Medicaid agency as part of their regular reporting requirements.

## NEW MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT WEBPAGE

---

There are federal laws like the [Mental Health Parity and Addiction Equity Act](#) of 2008 that Trillium must follow.

This law requires health plans to treat behavioral health services the same as physical health services. Rules for mental health and substance use services must be like those for medical or surgical services. This includes limitations like copays, visit limits, and prior authorization requirements.

Providers can learn about Mental Health Parity and Addiction Equity Act by registering to attend future trainings by clicking on this link: [New Mental Health Parity and Addiction Equity Act webpage](#). The Mental Health Parity and Addiction Kick Off session that occurred on January 21, 2025, is available for your viewing.
