Trillium partners with Victory Junction on family weekends

Families with IDD and TFC to be served at inclusive camp

GREENVILLE, NC-Trillium Health Resources will partner with [Victory Junction](#) to host five weekends throughout the year for families of children with intellectual/developmental disabilities (IDD) or in therapeutic foster care (TFC). The first two openings will be March 1-3 and 15-17 for those with IDD and applications are available [here](#) until February 25.

Social integration can be difficult for those with IDD due to stigmas and misconceptions. Public sites that encourage participation by people of all abilities help foster familiarity and awareness that we all have more similarities than differences. These weekends will allow children to enjoy activities for the first time in a setting created specifically for their needs.

Victory Junction is an inclusive camp located on 84 acres in Randleman, N.C. Founded by the legendary Petty racing family, Victory Junction enriches the lives of children with serious illnesses by providing life-changing camping experiences that are exciting, fun, and empowering, at no cost to children or their families.

While the weekends hosting families impacted by IDD will center on experiential opportunities, weekends for families in TFC will encourage bonding and guidance through a trauma-informed approach.

Medical personnel and trained staff will be present at Victory Junction to attend to any needs during the stay. Applicants must be a child under the age of 18 diagnosed with IDD and a member with Trillium. Space is limited.

ABOUT TRILLIUM HEALTH RESOURCES

Trillium Health Resources is a leading specialty care manager (LME/MCO) for individuals with substance use, mental illness and intellectual/
