

NEW - STATE ANNOUNCES NEW LME/MCO SERVICE REGIONS

Secretary of the Department of Health and Human Services Rick Brajer and state health officials announced today that the state- and Medicaid-funded Local Management Entities/Managed Care Organizations providing mental health, intellectual and developmental disability and substance use services to North Carolina citizens will be consolidating into four service regions across the state.

As part of the current plan, Trillium Health Resources will consolidate with Eastpointe to form the Eastern Region.

LME/MCO leaders will work closely with DHHS leadership on implementation plans and timelines throughout coming months.

Trillium will provide communications throughout the process to keep all providers informed.
