

REVISED - NOW ACCEPTING APPLICATIONS FOR THE SYSTEM OF CARE GRANT

Trillium is aware that each region in the network faces unique needs and bridging service gaps will require strengthening existing partnerships with individuals, communities, and stakeholders and forming others that are new and improved.

Trillium's effort toward continuous system improvement now includes offering System of Care grant opportunities through each county's local Community Collaborative. Funding opportunities are geared toward Trillium's aim to strengthen and expand the use of effective, evidence-based practices (EBPs).

Applicants who wish to request System of Care grant funds are required to complete the full application process. Applications are due **September 1 by 5:00 P.M.** to the Community Collaborative via email at SOCgrants@TrilliumNC.org.

Applications submitted after this deadline or submitted to an incorrect email address will not be accepted.

Use the link below to access the updated Application.
