## NOTIFICATION FOR PROVIDERS

### RFI for Care Management Agency

The North Carolina Department of Health and Human Services (DHHS) is transitioning Medicaid and NC Health Choice programs to Medicaid Managed Care to improve the health of North Carolinians. There will be many changes to come through an innovative, whole-person centered, and well-coordinated system of care which addresses both medical and non-medical drivers of health. Trillium is proactively completing the steps necessary to become a BH IDD Tailored Plan. Within the BH IDD Tailored Plan, care management will be a function that will be provided by the BH IDD Tailored Plan, Advanced Medical Home Plus, and Care Management Agencies. Trillium seeks to identify Care Management Agency partners through a Request for Information (RFI) that will assess capacity of our current providers to provide this function and assess the needs of our future network. **If you are interested in working with Trillium to develop this capacity, please contact [Megan Roberson](#) by June 28 to complete a Non-Disclosure Agreement as the first step in this process.** Upon receipt of the completed Non-Disclosure Agreement, we will forward the necessary links to paperwork to complete our RFI.
