

# URGENT

## NOTIFICATION FOR PROVIDERS

### Notice of Training: Save The Date

#### NC's Transition to Medicaid Managed Care: Navigating 42 CFR Part 2 Requirements

**Background:** NC Medicaid is preparing for the largest transformation in its history. On February 1, 2020 NC Medicaid will transition to a managed care service delivery model to serve the majority of its enrolled beneficiaries. Under NC Medicaid Managed Care, most Medicaid beneficiaries will be served by one of five prepaid health plans (PHPs), collectively known as the Standard Plan Option. For additional information about this transition, please click [here](#) or visit:

- <https://medicaid.ncdhhs.gov/providers>.

**Training Description:** The NC Department of Health and Human Services (NC DHHS) will host two identical webinars to orient applicable providers on how NC DHHS, LME-MCOs and providers will navigate 42 CFR Part 2 requirements related to the transfer of beneficiary data during the transition to NC Medicaid Managed Care. This training will supplement additional guidance provided by the NC LME-MCO network to applicable providers. For more information about 42 CFR Part 2 and its applicability to a particular service, please click [here](#).

**Target Audience:** Providers providing services covered by 42 CFR Part 2 to beneficiaries currently served by Trillium Health Resources.

**Dates (same training, two options)**

**Friday, 9/27/2019, 1:00pm - 2:00pm**

**Friday, 10/11/2019, 1:00pm - 2:00pm**

**To Register:** <https://attendee.gotowebinar.com/rt/7163570444590312705>

**Additional Materials will be Provided to Registrants Prior to Training**
