

**NCSERVES** is your connection to hundreds of community-based providers across the state. We are North Carolina's first coordinated system of public, private, and non-profit organizations working together to provide support to veterans and their families. Working with our partners at NC DHHS and VA Medical Facilities across the state, NCServes offers veterans, service members, and their families access to a class-leading continuum of providers ranging from superior housing and emergency service providers to employment, recreation and fitness, financial capabilities and more.
