

To: All Enrollees, Stakeholders, and Providers
From: Cham Trowell UM Director
Date: September 2, 2015
Subject: State and B3 Benefit Plan updates

Trillium Health Resources is pleased to announce changes for enrollees of both State and B3 benefit plans. Please find below the services that will be open again to enrollees as part of their established benefit plan.

State Plan

Effective September 15, 2015, Trillium Health Resources will open new admissions to Assertive Community Treatment Team (ACTT) for enrollees in the Transitions to Community Living Initiative program (TCLI). Enrollees must be involved with a TCLI coordinator and must be enrolled in state funds.

Trillium will also open new admissions to Community Support Team (CST) for enrollees enrolled in state funds and stepping down from ACTT.

Trillium will open new admissions to Supported Employment for enrollees of the TCLI program that are referred by a Trillium Care Coordinator.

Medicaid B3

Effective September 15, 2015, Trillium Health Resources will open new admissions to Respite for enrollees who meet the established criteria for the service and are engaged in treatment. Exceptions to this may be granted and should be documented in Tar (Treatment Authorization Request).

Trillium will also open new admissions to Physician Consultation service for enrollees who meet the established criteria for the service.

Trillium will open new admissions to B3 Supported Employment for enrollees of the TCLI program that are referred by a Trillium Care Coordinator.
